

# FIVE TOWNS COLLEGE

## SOUND ATHLETICS

### The Sound eSports might be Playoff Bound!

As everyone has heard, Five Towns College has recently instituted a new athletic program. But, what you may not have heard is the rise of one of its best teams. For the first time, in a long time, a Sound athletic program may enter the playoffs making this a really exciting time for Five Towns College. As of now, the eSports team sits at a 3–2 record in its division of 7 teams. The Sound is competing against schools such as UCLA, Florida Tech, and the University of Vermont. Although the competition is tough, the students commitment to the game has kept them strong, giving the squad key victories.

With a clear shot in the playoff race, the Sound eSports team is looking to rally through the final stretch of the spring season to grab that elusive playoff berth. The top four teams in the Division make it to the playoffs. Since FTC is currently sitting in 5th place the playoff dream is alive and well. If the team does make it to playoffs, it will enter a 128 team single elimination tournament for victory, and rights to the Collegiate Star League providing school scholarships. The excitement for the eSports program has only grown since its humble beginnings last semester. The team began in the Spring 2016 with only seven members and a dream. Since then, the team has nearly doubled in size to 13 members, and it doesn't seem like it will stop growing anytime soon. The match against The University of Central Florida will be a key battle in the playoff race. If you see the team around campus be sure to wish them luck!

#### ROSTER

Christian "UnFunnyKid" Altamura  
eSports Coach

Chris "Overwing" Doumas  
eSports Coach

Anthony "Flavored Wets" Padinha  
Starting Top Lane

Kevin "Kolaboration" Meade  
Starting Middle Lane
