

FIVE TOWNS COLLEGE

AUDIO RECORDING TECHNOLOGY

Audio Recording Technology is a dynamic concentration available within the **Business Management (A.A.S. + B.B.A.)**, **Mass Communication (B.S.)**, **Music Performance (Mus.B.)**, and **Liberal Arts (A.A.)** programs. This hands-on, experience-driven track prepares students to work in real-world audio environments—offering practical skills that are not only valued by industry professionals but also applicable in everyday media landscapes.

Through this concentration, students gain access to industry-standard recording studios, editing suites, and MIDI workstations at Five Towns College—tools essential for developing as professional engineers and producers across a range of audio disciplines.

Interested in seeing where the magic happens? Schedule a tour to explore our studios and facilities firsthand and discover why this program is in such high demand.
